Sontheim

Your heart beats for computer science - join our team!

Sontheim is a leading system provider from the Allgäu region for automation, diagnostics and connectivity solutions. The range of services includes the development and production of innovative hardware and software systems. For mobile machines, we are one of the big players in the development and series production of diagnostic and connectivity systems. We aim to further expand our market leadership with forward-looking technologies.

Within the scope of our product developments we are looking for motivated university graduates (m/f/d) with immediate effect:

Entry as software developer GUI (m/f/d)

Your area of responsibility:

- Native and cross platform development for Android and iOS platforms
- Creation and development of OTX interfaces and workflows
- Participation in the design of user-friendly and appealing interfaces
- Software development in the areas of mobile devices, Linux, diagnostics or also in C, C++
- Creation, further development and maintenance of vehicle diagnostic systems
- Testing and documentation of the software

Your profile:

- Student of computer science, electrical engineering, mechanical engineering or a comparable course of study.
- Interest and passion in programming, ideally knowledge of the programming language C/C++
- Ideally experience with Android and/or iOS development
- Business fluent in German, written and spoken English (B2)
- Ability to work in a team, to communicate and to solve problems
- Independent and structured way of working

This is what you can expect from us:

- The stable environment of an established medium-sized company paired with the charm of a young team
- The opportunity to develop in a future-proof and exciting subject area
- Working with large and well-known manufacturers from the commercial vehicle or mechanical engineering sector
- A team leader who always has an open ear for questions, progress and discussions
- Working where others go on vacation. Kempten - the capital of the Allgäu region
